

HARDING REPORT OF VISIT AROUSES PRESIDENT

ASKS NOMINEE IF HE REALLY MADE REMARK

Concerning Informal Visit of a French Representative.

By Associated Press Leased Wire Washington, Oct. 18.—President Wilson today addressed a letter to Senator Harding relative to the Republican nominee statement of Saturday that he had been approached "informally" by a representative of the French government relative to a new association of nations.

Quoting from a dispatch dated St. Louis, Oct. 16, purporting to report the statement of Senator Harding the President said:

"I need not point out to you the grave and extraordinary inference to be drawn from such a statement, namely, that the government of France, which is a member of the League of Nations, approached a private citizen of a nation which is not a member of the league, with a request that the United States lead the way to a world fraternity."

Declaring that the state department "had always found the government of France most honorably mindful of its obligations and punctiliously careful to observe all the proprieties of international intercourse," the president wrote that he hesitated "to draw the inference to which I have referred unless I am assured by you actually made the statement."

Text of Letter.

The letter of the President to Senator Harding follows:

"Eighteenth of October, 1920.

"My Dear Sir:—In the New York Times of yesterday, Sunday, Oct. 17, 1920, I find a statement dated St. Louis, Oct. 16, which purports to report certain public utterance of yours. In it occurs the following:

"Replying to criticisms of his proposal for an association of nations, he said in a rear platform speech at Green Castle, Ind., that he already had been approached 'informally' by a representative of France, who asked that the United States lead the way to a world fraternity."

"I write to ask if this is a correct quotation and if you really said what is there attributed to you. I need not point out to you the grave and extraordinary inference to be drawn from such a statement, namely, that the government of France, which is a member of the League of Nations, approached a private citizen of a nation which is not a member of the league with a request that the United States lead the way to a world fraternity."

"The Department of State has always found the government of France most honorably mindful of its international obligations and punctiliously careful to observe all the proprieties of international intercourse. I hesitate to draw the inference to which I have referred unless I am assured by you actually made the statement."

"Very truly yours,

"Woodrow Wilson."

Asks France Also.

President Wilson today directed inquiries to both the French government and Senator Harding as to the Republican candidate's recent statement that he had been approached informally by a representative of France and asked to lead in the formation of an association of nations.

The inquiry to Senator Harding, which was in the form of a letter was made public at the White House. At first officials there refused to deny or confirm that an inquiry also had been sent to the French government, but subsequently, Secretary Tumulty announced that such action had been taken.

HASNT RECEIVED IT.

By Associated Press Leased Wire Marion, O., Oct. 18.—Senator Harding has declined since his Green Castle speech to elaborate on the statement that France had sent a spokesman to him asking that America take the lead in the formation of an association of nations. Beyond reciting that the suggestion was made "informally," the Republican nominee has indicated that he would not make public any further particulars.

Officials at Harding headquarters said President Wilson's inquiry on the subject had not been received when it was made public today in Washington. It was said that a public reply probably would be made by the Senator as soon as the message had reached him officially.

PREACHED AT POLO.

Rev. C. G. Unangst preached at the United Evangelical church at Polo yesterday morning, and conducted the communion service, as a substitute for the presiding elder of the Presport district.

JUDGE DEMANDS PUNISHMENT IN LYNCHING CASE

Results of Mob Law Pictured to Jury in Alabama.

By Associated Press Leased Wire Springfield, Ga., Oct. 18.—The results of mob activity were pictured to the Effingham county grand jury today by Judge Lovett in instructions which virtually demanded that some one be indicted for the lynching several months ago of Phillip Gathers, a negro. Gathers was lynched in connection with the killing of Anza Jaudon, a girl.

"Officers of the law, representing the sovereignty of the state flee from the mob," Judge Lovett told the grand jury. "What a pitiable spectacle. The state, created by the people, in flight, pursued by its own creators. Lawlessness reigns supreme; the security of the law becomes a by-word to be scoffed at; constitutional guarantees are by force made vain and empty things."

"To justify such conduct some will say that the law is technical and too slow; that justice may miscarry, and punishment be not measurably imposed. Our civil laws are administered by our own people and we but indict ourselves. What assurance have any of you that with public passion sufficiently inflamed you may not make a victim and your life the forfeit though you be stainless of crime. Let us not make a farce of this court."

Warsaw, Oct. 17.—(By Associated Press.) Actual fighting having ceased on the northern Russian front, attention has been shifted to Ukraine, where the Ukrainians are carrying on the war for the purpose of ridding their country of the Bolsheviks. Plans are being made for the two armies to join soon, and the Ukrainians are gradually working their way to the southeast, where General Wrangel's anti-Bolshevik forces are in conflict with soviet armies.

General Rudnyy who is reported to have been wounded before resigning as commander of Bolshevik cavalry, is said to have established headquarters at Minica, southwest of Kiev, where he is organizing insurgent detachments in the interests of General Wrangel.

MESSANGER IS MURDERED FOR \$10,000 IN CASH

Body Found in Shallow Grave—Search for Yellow Auto.

By Associated Press Leased Wire Camden, N. J., Oct. 18.—Police authorities of Camden and Burlington counties have so far been unable to find a trace of the yellow roadster with a rebuilt underbody they have been seeking in connection with the mysterious robbery and death of Davis S. Paul, the Broadway Trust Company messenger. Paul's body with the head battered and arms gashed, was found in a shallow grave in the New Jersey pines, near Tabernacle, 25 miles from here.

Paul disappeared while taking \$10,000 in cash and \$12,500 in checks to a Philadelphia bank. He was last seen crossing on a ferryboat. When the body was discovered the cash was gone but the checks were found in a coat pocket.

The police say they believe the killing of Paul occurred in Philadelphia and the body was taken to the pine swamp in the yellow car. The roadster with three men in it was seen Friday by residents of Tabernacle at a time when the occupants, the police believe, were fleeing after burying the body. The fire marks alongside the grave connected with the marks made by the yellow roadster, the police said. The murderers, it is believed, had thrown the body into a small stream nearby as marks showed it was dragged to the spot where it was buried.

HOPE FOR SETTLEMENT IN BRITISH STRIKE AS INDUSTRIES SUFFER

Government Willing to Negotiate with Miners Anytime.

BULLETIN.

By Associated Press Leased Wire London, Oct. 18.—Disorders occurred in Whitehall this afternoon in connection with the coal miners' strike during a demonstration by unemployed men who had sent a delegation to Premier Lloyd George in Downing street. Several persons were injured in attempts to break through a police cordon and others were hurt when some stone work from a window on the treasury building fell.

By Associated Press Leased Wire London, Oct. 18.—One effect of the coal strike upon financial London has been the weakening of the pound sterling, which has dropped to \$3.44 on buying orders to cover actual and prospective coal shipments from the United States to Europe. The effect has already been seen on continental exchanges, all of which moved against Great Britain late last week and which were again slightly weaker today.

Persistent reports of efforts to settle the coal miners' strike partially relieved the spirit of anxious uncertainty of the British nation today. For the moment, these reports seem to have greater basis in hope than in actual information.

Predicts Settlement.

John Robert Clynes, former food controller, and one of the most moderate of the labor leaders, has expressed confidence in a settlement within a week, if both sides could be brought together to discuss calmly the controversy. He advocated as a basis of agreement the granting to the miners of half their demands, and the submission of the remainder to an impartial tribunal.

Government's Attitude.

The position of the government regarding the strike is entirely different from that of 1912, when it intervened.

TWO GROUPS OF CHICAGO POLICE IN GUN BATTLE

Dispute Over Liquor Deal Said to Be the Cause.

By Associated Press Leased Wire Chicago, Oct. 18.—Three men, one a policeman, were shot, and two others arrested, one of whom was a policeman, in a mysterious revolver battle early today between two groups of policemen.

J. F. Vogt, an officer not in uniform and Michael Connelly, a former policeman, were seriously wounded. They were shot by Sergeant Thomas F. Powers, and a fourth man, were said to have exchanged shots with men in a saloon which they had just left, and in making their escape in a taxi cab they attracted the fire of two policemen in uniform who said they saw them holding a gun to the chauffeur's head. The four men were taken to a hospital and held there for questioning by Chief of Police Garrity.

According to the police theory, the proprietor of the saloon where the firing began had purchased two hundred cases of whiskey in the distribution two weeks ago of a carload by "Mike De Pike" Heiter. Police of the East Chicago avenue station stated that the proprietor of the saloon had had a dispute with Sergeant Powers over some feature of this whiskey distribution.

WICHER STARTS BIGGER ACTION AGAINST LEE CO.

Suit for \$2,500 Filed; \$1,000 Action is Dismissed.

Legal counsel for Lee county, members of the Board of Supervisors and court attaches were astounded on the convening of the Lee County Circuit court this afternoon when attorneys for Clyde Wicher announced that his suit for \$1,000 against the county, which had been set for trial this afternoon, was withdrawn and asked for its dismissal.

Simultaneously with the announcement of the dismissal of the suit it was stated that a new action, seeking \$2500 from the county had been started by Mr. Wicher, and would be tried at the January term of the circuit court.

Claims Bigger Sum

In making announcement of the institution of a new suit and dismissal of the old one, attorneys for Mr. Wicher, who was deposed as superintendent of the County Infirmary following filing of sensational charges which were afterwards disproved in the circuit court, stated their client claimed more than \$2500 on the unexpired contract broken by action of the county board, than was named in the first suit.

The filing of the new suit by Mr. Wicher brings a total of \$3500 alleged claims against the county. W. G. Kent having a suit for \$1,000, alleged to be due him for investigations in the matter, now on file in the circuit court.

It will be remembered that following Mr. Wicher's discharge the county home committee reached an agreement with him to settle all claims for \$500, but that the report was turned down by the supervisors by a vote of 11 to 19.

It is estimated that the unfortunate affair has already cost the county approximately \$2,000 in special meetings, special grand jury, reporters, trial of the criminal case against Mr. Wicher, in which the charges were not substantiated, in employment of special counsel by the county, etc.

Ogle County Girl Honored By College

Miss Irma Fruit, a senior in Knox College, daughter of Mr. and Mrs. Charles Fruit, of Taylor township, Ogle county, has been greatly honored by her school, as is indicated in the following letter by the president of the school to her parents:

This is a distinct honor, obtained by a very small number in each class. The college takes this opportunity of extending its congratulations to you, as well as to Irma."

PLAN TO FEED MAYOR WHEN HE IS UNCONSCIOUS

Prison Physicians to Make Effort to Save Life.

By Associated Press Leased Wire London, Oct. 18.—Terence MacSwiney, Lord Mayor of Cork, passed a very good night at Brixton prison, according to a bulletin issued early today by the Irish Self-Determination League. It is said he slept well, but seems to have caught a slight cold. Every precaution, however, is being taken to prevent its development.

In a later bulletin the League says a doctor has told MacSwiney that his condition is becoming more precarious. "He is said to have declared, he would feel bound to do all he could to save the lord mayor's life, and would feed him as far as he could while he was unconscious. MacSwiney is quoted as saying that if any attempt was made to feed him under such conditions he would again commence his hunger strike as soon as revived."

EXPECT MORE DEATHS

By Associated Press Leased Wire Cork, Oct. 18.—The death last night of Michael Fitzgerald, first of the 11 hunger strikers in the Cork jail to succumb to the results of their fast of more than two months, probably will have an extremely bad effect upon the other hunger strikers, according to the jail doctors today. Although the men occupy separate cells it is difficult to keep news of what is happening from reaching them.

Predicts Success for Farmer-Labor Party in Year 1924

By Associated Press Leased Wire Topeka, Kan., Oct. 18.—Attacking the Republican and Democratic parties, which he described as "one big bird with two wings," Parley P. Christensen, candidate of the Farmer-Labor party for President, said in an address here last that his first act if elected, would be to "move the government from Wall Street back to Washington."

Mr. Christensen declared the law of supply and demand is "as dead as the League of Nations" and that there is "no competition in industry."

The Farmer-Labor party does not expect to elect a president this year, Christensen said, but he predicted that at the next presidential election the party would "sweep the country."

Today's Market Report

Grain Prices Had Weak Close Today

By Associated Press Leased Wire

Chicago, Oct. 18.—Opinions that the British coal miners' strike meant delay and curtailment of export business had a depressing effect today on the wheat market. Fall in British exchange rates counted also as a bearish factor. In general, commission houses took to the selling side. Opening prices, which ranged from 1c to 3 1/4c lower, with Dec. 2.10 to 2.12 and March 2.05 to 2.07, followed by a material further setback and then something of a rally.

Corn was bearishly affected by reports that many western corn industries had closed down and that more were expected to close this week. After opening 1/4c to 1 1/2c lower, including Dec. at 86 1/2 to 87 1/2, the market underwent an additional sag before beginning to rally.

Oats lacked support, opening 1/4c to 1/2c off, Dec. 56 1/2 to 57 1/2 and showing but little power to recover.

Cheaper hog stimulated selling in the provision market, and forced values lower.

An increase of the visible wheat supply total, continued imports from Canada and weakness in the cotton market had a bearish effect later. The close was heavy 1 1/4c to 3 1/4c net lower, with Dec. 2.11 to 2.11 1/4 and March 2.01 1/2 to 2.02.

Heavy selling for a big elevator interest led subsequently to fresh declines in corn. The close was weak, 1 1/2c to 2c net lower, with Dec. 85 1/2 to 86c.

When it is necessary to patch badly soiled or otherwise defaced wall-paper tear the fresh paper this is to be used for the patch.

If the paper is torn rather than cut there is a rough edge that can be pasted down closely making no ridge. The patch will, of course, be unfaded by light, but aside from this, if the pattern be carefully matched, there will be but little evidence of patching.

Menu for Tomorrow.

BREAKFAST—Baked apples, cereal with top milk, toast, grape jelly, coffee.

LUNCHEON—Open sandwiches, fruit tarts, tea.

DINNER—Stuffed pork chops, candied sweet potatoes, apple sauce, creamed turnips, grape pie, coffee.

My Own Recipes.

By the addition of the grape jelly in the breakfast menu, a pleasant tartness is given to an otherwise uninteresting breakfast. The baked apples and cereal have a sameness of taste about them. Both foods are nourishing and combine perfectly, but for the sake of the jaded breakfast appetite, a piquant note should be introduced.

OPEN SANDWICHES.

Rye bread.
8 slices of tomato.
White meat of chicken or thinly sliced cold roast pork.
2 hard-boiled eggs.
Hearts of lettuce.
Aspic jelly.
Mayonnaise.
Cream cheese dressing.

On a luncheon plate put a piece of buttered rye bread. Cover bread with meat. Chicken and cold boiled ham could be used in alternating pieces. On each sandwich put two slices of tomato. Sprinkle chopped hard-boiled egg over tomato. In a curled lettuce leaf put a spoonful of mayonnaise and place this on one side of the plate. In another leaf put a spoonful of aspic. Pour over the whole a generous spoonful of cream cheese dressing.

CREAM CHEESE DRESSING.

4 tablespoons mayonnaise.
2 tablespoons heavy cream.
1 cream cheese.
1 tablespoon chopped pimientos.
Work the cheese with the cream to a smooth paste. Add pimientos. Add this mixture to the mayonnaise and mix thoroughly.

"It's a long lane that has no turning." Very true. But be careful of the skid on the corner. MARY.

NOTE—The following is the first of a series of ten, short, snappy non-partisan articles written by Maud Wood Park, chairman of the National League of Women Voters for the Telegraph. They are primarily for the newly enfranchised women voters, but will be of interest to many men: One of Miss Park's articles will appear daily in the Telegraph for ten days:

No one should be more vitally concerned with the problems which affect the home and the family than the president of the United States. He has an intimate part in every household; its prosperity and well-being depend upon his guidance.

The president has four kinds of power. His office of chief executive of the nation gives him enormous appointing power. He has power over Congress by reason of his veto. He is commander-in-chief of the army and navy, and then there is the power which was not provided by the constitution, but which has, nevertheless, grown to be extremely important, and that is his power as the leader of his party.

The protection of our homes against enemies within and without depends upon the president by virtue of his office as chief executive of the nation.

Two Americans Are Honored By China

By Associated Press Leased Wire
Peking, Oct. 17.—Unusual honors were paid Dr. John Dewey of Columbia university of New York and Dr. P. S. Reinsch, former American minister to China, at the University of Peking today when they were given the degree of Doctor of Philosophy in the presence of a large assemblage of men and women students and Chinese and American educators.

Only four foreigners, two of whom are French, have been accorded similar honors.

KNIGHTS TEMPLAR TO MEET

A stated meeting of Dixon Commandery No. 21, Knights Templar, will be held at 7:30 o'clock tomorrow evening for business.

and commander-in-chief of the navy and army of the United States.

Once again, as the leader of his party, the president can have much to do with lowering the high cost of living. The next president of the United States can encourage greater production and provide adequate distribution for foodstuffs. If his party is in control of Congress, he can see to it that wise legislation, tending to husband the resources of the nation and the nation's homes, is enacted.

The education of your children, their health, the clothing they wear are dependent to a large degree upon the president. The parcel post, your friend's letter or the important business document are again a question of the efficient business administration of the country's postal system. The president appoints the men who handle the nation's mail. Again the president steps into your home.

Before he is elected, the president indicates the policies he will pursue after he is elected. When you vote for your favorite candidate for president, you vote for a fixed policy on all matters affecting your home and your children. Examine these policies well. Weigh them in the balance. Then vote according to your conscience.

DIXON COLTS IN RALLY DEFEATED TIGERS SATURDAY

Grade Foot Ball Teams Played Good Game at Brown Field.

The Colts and Tigers, local grade school football teams, clashed at Brown's Field Saturday afternoon, the Colts winning 13 to 12. The Tigers had their opponents outclassed until the final period when the Colts opened up a forward pass attack and put across two touchdowns and kicked a goal from touch-down.

The Colts won the toss and elected to receive the ball, but they were soon held for downs, the Tigers taking it and carrying it to the Colts' ten yard line, only to lose it before the half ended, score 0 to 0.

In the next quarter the Tigers got two touchdowns, one by Collins and the other by Coleman; the half ending with the Tigers leading 12 to 0. The Colts had the ball most of the last quarter and passed to Miller and Thomas with the help of plunges by Shephard, Rynearson and Drake netted the two touchdowns. Miller kicked one goal.

EVANGELIST AFFIRMS WORLD NOT GETTING BETTER BUT WORSE

Revivals at Grace U. E. Church Continue to Awaken People.

(Contributed)

The revival meetings at Grace United Evangelical church are gripping the people. Yesterday was a great day in every way. The attendance at the morning service was large and the attention to Harry Morrow's pungent sermon was intense. By way of illustration he told about a man who was affectionately attentive to his wife before they were married, but a few years after their marriage he gave her but scant consideration. So it is with many church members in their relation to Jesus Christ. Their love for the Saviour has grown cold. They need to repent and do their first works over.

The prayer service at 6:30 was conducted by Rev. C. G. Unangst. He made some pointed comments on the following scripture, "If my people, which are called by my name, shall humble themselves and pray, and seek my face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sin, and will heal their land." II Chron. 7:14. He said: "Neither the church nor the world has learned the lessons which God sought to impress upon the people through the great war and the epidemic of the Spanish influenza, and if the people will not humble themselves and turn to God, still more dire judgments will come upon us. The prayers which were offered were marked by genuine fervency of spirit."

Line Evening service

The auditorium of the church was well filled by 7:30 o'clock. Scores of people came after that and the large doors at the rear were thrown open to accommodate them. No adequate report can be given of Rev. Morrow's remarkable sermon on "The Second Coming of Christ. For more than an hour he poured the truth into the ears of his hearers, whose eager faces were steadfastly riveted upon him. Every statement was supported by Scripture

texts, quoted from memory by the earnest preacher. He declared that if the post-millennialists are correct, the world ought to be growing better. It is growing worse rapidly. Sin and crime are rampant and dominant. He made a strong point when he said that the post-millennialists seldom use the Scriptures to support their theory.

The chorus choir under the direction of C. S. Conley is doing good work. Mr. Conley's solo on "Forgetting God" made a profound impression. When the evangelist gave the invitation, three married men came forward and knelt at the altar as penitents. A splendid testimony service followed and the meeting closed at ten o'clock.

The revival services will be continued during this week. A fine attendance is expected this evening. Tomorrow evening, the evangelist will preach on "What Must I Do to be Saved?" There will be a meeting at 2:30 o'clock at the church tomorrow afternoon. The bell will ring at 10 o'clock every morning and that is a call to united prayer for a great revival in Dixon.

CHURCH NOTES.

PRESBYTERIAN NOTES

The pastor is absent from the city this week assisting Rev. M. L. Walters in a series of evangelistic meetings in the Presbyterian church of Joy, Ill. He will return for the usual services next Sunday.

The Wednesday evening prayer meeting will be of special interest. After a brief prayer service there will be extra music and an address by Miss Adams, who has been assisting the pastor in Sunday School and church work. We bespeak for her a good audience and feel assured those in attendance will be amply repaid. The meeting is under the direction of the Missionary Society of which Mrs. B. I. Hiltchcock is president.

The Frances Gregg Circle of the Westminster Guild will meet Thursday afternoon at the home of Mr. and Mrs. Nelson Richardson. All the girls of the church between the ages of 12 and 18 are urged to be present.

The Missionary Society will meet Friday evening at 7:30 with Mrs. Abner Barlow. This is to be a union meeting with the Westminster Guild, Circle and Light Bearers. All the members of these societies are invited.

Peoria Woman Says Tanlac Has Entirely Relieved Her Ten Years of Suffering.

"All the pleasures of life were denied me by suffering and the thoughts of my hopeless condition, but Tanlac has delivered me of all my troubles and I don't believe there's a more grateful person living," said Mrs. Thomas O'Connor, 419 Hamilton street, Peoria, Ill.

"For more than seven years," said Mr. O'Connor, "I was in terrible agony with rheumatic pains in my legs, and my arms ached so bad that I could hardly keep from screaming. I had pains throughout my whole body and I didn't get a good night's sleep for years. I had no appetite and when ever I did eat a little something, I would have cramps in my stomach. Gas formed on my stomach and pressed up through my chest and often became too dizzy to stand. I got so weak I couldn't do my housework, and never expected to be well again."

"My husband got me a bottle of Tanlac and when I had finished it I was so far on the road to recovery that it only took six more bottles to make me feel like a different person entirely. I never feel a sign of rheumatism my stomach is in good condition, and I can eat steak, pies or anything else I want without ever being troubled with gas, shortness of breath or indigestion. I sleep like a child and I'm so full of strength and energy that I never tire in doing my housework and just can't express my heart felt gratitude to Tanlac."

Tanlac is sold in Dixon by Public Drug & Book Co., and by the leading druggist in every town.

LEGION ELEVEN IS DEFEATED IN FIRST BY FAKE KICK PLAY

Rockford Specialists Won
from Soldiers By 7
to 0 Score.

The Dixon Post, American Legion football team, lost their opening game of the season yesterday afternoon to the Rockford Specialists, the score being 7 to 0. Ideal weather, a large crowd and the grounds in first-class shape, gave the Legion members a perfect day for the opening of their season and the Rockford team came down with several automobiles filled with enthusiastic rooters.

The two teams were evenly matched, both showing some weaknesses in their play. The Legion team appeared not to have control of their forward passes, while Rockford missed several opportunities which would have padded the score for them. The story of the game is as follows:

Rockford won the toss and chose to defend the west goal. Dixon kicked off to Rockford's 15 yard line, the ball being returned 25 yards. Rockford tried a forward pass but it was uncompleted. Rockford lost one yard then gained a half yard around left end, then punted 35 yards.

Elliott made two yards around right end and Vaughan followed with two yards through center. The Legionites then punted out of bounds on Rockford's 45 yard line. Rockford lost two yards on a right end run. A forward pass failed. The chance was an easy one and Rockford lost an opportunity to score with a clear field ahead. Another pass failed. Rockford then punted 15 yards, Dixon fumbling the ball and Rockford recovered. Rockford gained one yard on an end run, and on the next play, fumbling the ball, a Legion player taking the pig skin 10 yards before being downed.

Vaughan made nine yards through center and six more were gained by the same route on the next play. Elliott made 11 yards on an end run and nine more on a like play around the right end. A forward pass was uncompleted. Gorham made five yards on an end run. The first quarter ended with neither side scoring.

Second Quarter.
It was Dixon's ball on Rockford's 25 yard line. Vaughan made four yards through center; Gorham 15 on an end run. The next play netted nothing but Vaughan broke away for three yards around right end. Vaughan was field on his tracks on Rockford's three yard line. Elliott failed to gain and Rockford took the ball on downs.

Rockford lost two yards on an end run and they then punted, the ball being fumbled and recovered by Vaughan, who returned it 10 yards to Rockford's 21 yard line. Gorham made five yards on an end run, Elliott two more. Gorham was thrown for a two yard loss. Dixon was penalized five yards for being offside; they then punted back of goal.

Rockford took the ball on their own 20 yard line, made three yards through center, three more on an end run and then one through center. They failed to gain on the next play, Dixon taking the ball on downs. Vaughan made two yards through center, Elliott two around left end, the half ending at this point with the score 0 to 0.

Third Quarter.
Rockford kicked off to Dixon's ten yard line, the ball being returned 30 yards. One yard was made through center and time was called for Elliott. He had received an injury and was replaced by Schrock. Gorham fumbled the next play and Rockford recovered.

Rockford had trouble with their forward passes and their efforts failed again at this time. No gain was made on the next play and another unsuccessful forward pass followed. Rockford then punted out of bounds and it was Dixon's ball on an end yard line. Schrock made two on an end run. Gorham blocked a pass and it was their ball on downs. A forward pass failed. It was another easy chance with the field clear. They were held with no gain on the next

While Cox Fights a Man of Straw

play and then failed again on a forward pass. They made three yards through the line, two through center, three around right end. Rockford scored on a successful forward pass. It was a pretty play. The visitors were within easy distance for a placement kick and lined up as if to try for a goal from the field but instead the ball was passed and carried across the line. Rockford then kicked goal from touch down.

Dixon kicked off to Rockford's 20 yard line, the ball being returned 10 yards. The third quarter ended, the score being Rockford 7, Dixon 0.

Last Quarter.
Rockford gained one yard through center, five more through the same place and then gained 15 yards on a forward pass. They then fumbled and Dixon recovered the ball. Schrock fumbled, but recovered with no gain. The Legionites were penalized five yards for being off side. Vaughan made two yards through center. Vaughan accepted a pass for a five yard gain and made five yards more on an end run. A forward pass was uncompleted and Dixon was again penalized five yards for offside play. Gorham made five around left end. A forward pass was attempted and Rockford was penalized 15 yards for interference. Vaughan made nine around left end. A forward pass failed. Vaughan broke away for 20 yards but the ball either slipped or was bumped out of his hands and was recovered by Rockford on their own one-half yard line. Rockford punted out of bounds on their own 25 yard line. There was only ten seconds left to play. Dixon attempted a forward pass which was blocked and the game was over.

They took this action in view of the fact that they were without food, shoes and clothing.

Bolshevik authorities are reported to no longer conceal the fact that their army is dissolving and that a winter campaign is impossible under present conditions.

COX AT SYRACUSE.

By Associated Press Leased Wire

Syracuse, N. Y., Oct. 18.—Governor Cox today opened his second eastern campaign with an address here to first voters, urging them to disregard partisanship and to vote as Americans. "Americanization" said the Democratic Presidential candidate, "is but another word for construction. Americanization is not selfishness. It means that we so love this freedom of America that wherever in the whole world the name of America is mentioned it shall mean honor, loyalty, progress, humanity and peace. To about 'America First' and then oppose making America first throughout the world is to turn our backs on progress and on ideals which the framers of our great constitution wove into the soul of America."

Stating that first voters represent a new generation, Governor Cox said that civilization was like a "relay race," each generation taking the ball from the preceding and contributing its share toward world progress.

"Some people," said the Governor, "are not willing to take the ball and

"There can be nothing more reassuring than that this great army of first voters composed of millions of young men will approach the ballot box this fall with the same patriotism

with which they stood in the front trenches.

"I find that the young men and the mothers will insist that we become a part of the League of Nations. The young men who are first voters will find themselves in distinguished company this year for the mothers of America have been given the right to which they are entitled. I have no doubt what the mothers of America will do in the forthcoming election nor have I a single doubt what the young men will do. Mother and son link the two generations which stand for a peace won by the sons and made permanent by the mothers of America."

Governor Cox's program called for his spending the morning here, an afternoon addresses at Rochester and a night meeting at Buffalo.

SIGNS MONEY

JOHN BURKE

Washington.—None genuine without this signature—John Burke, treasurer of the United States. Burke signs every piece of paper money issued by the United States. That is, he signs the master bank note from which all the others of the series are printed. EMBROIDERY ON UNUSUAL TOWN BLOUSE

HATTIE HARL

COUNCIL BLUFFS, Ia.—Politics is one thing—and social life is another. Mrs. Hattie B. Harl, candidate for Congress, is proving this. Her opponent is W. R. Green, who has represented this district for several terms in Congress. Mr. and Mrs. Green live at the Grand Hotel, as does Mrs. Harl. Mrs. Harl starts her daily political battle to unseat Representative Green by having breakfast each morning with Mrs. Green! She remains very "chummy" with the congressman's wife, despite her own political ambition.

Carrying On

THE refining of petroleum has been revolutionized during the past ten years. Otherwise the present use of automotive machinery would be impossible.

In 1910 the average yield of gasoline from crude was 11 percent, while in 1919 this average had risen to about 26 percent, without in any way, impairing the quality of the product.

This tremendous advance was the direct result of applying the findings of scientific workers to the problems of industry, and in this work the Standard Oil Company (Indiana) has taken a leading part.

The chemists and technical experts who have charge of the manufacturing activities of the Standard Oil Company (Indiana) have been pioneers in the scientific refining of crude oil.

Their success is attested by the fact that the Company has been able to produce an ever-increasing volume of gasoline from the petroleum available.

The gasoline problem is important, but it can and will be solved by individual initiative, stimulated by fair and reasonable competition.

In the solving of this problem, the interests of the Standard Oil Company (Indiana), the manufacturer of automotive machinery, and the public are one—greatly increased production is essential.

The Standard Oil Company (Indiana) is straining every fibre of its highly specialized organization to increase the quantity of gasoline which may be taken from the crude—to maintain the high standard of quality it has always insisted on, and to do this without disturbing the output of other useful and necessary refined products of petroleum which it must supply.
